*This is a really good song to strum and sing.*

*It uses three chords - C, F and G7.*

*C = (3<sup>rd</sup> finger 3<sup>rd</sup> fret A string)*

*F = (1<sup>st</sup> finger 1<sup>st</sup> fret E string + 2<sup>nd</sup> finger 2<sup>nd</sup> fret G string)*

*G7 = (1<sup>st</sup> finger 1<sup>st</sup> fret E string + 2<sup>nd</sup> finger 2<sup>nd</sup> fret C string +  
3<sup>rd</sup> finger 2<sup>nd</sup> fret A string)*

*Try single strums at first (these come on the count of "one" and the count of "three" )*

*and then try strumming "Down Down Up" on each chord.*

*Play with a swing!*
