Chorus

C G7 C C
Mercury, Venus, Earth and Mars
C C G7 G7
Orbiting round the sun
C G7 C C
Jupiter, Saturn, Uranus
C G7 C C
Neptune's the farthest one (FROM THE SUN!!)

Verse 1

F F C C
We used to call Pluto a planet
G7 G7 C C
Out there in the void
F F C C
Now we don't call Pluto a planet
C G7 C C
We call it a planetoid **(Repeat Chorus)**

Verse 2

F F C C
That's our solar system
G7 G7 C C
Planets, eight in all
F C
Now we don't call Pluto a planet
C G7 C C
'cause Pluto is much too small **(Repeat Chorus)**

Verse 3

F F C C
If Pluto was a person
G7 G7 C C
He'd go off in a huff
F F C C
'cause one minute you're a planet
C G7 C C
and then you're not big enough!!! **(Repeat Chorus twice)**
